Re: Denial of Midway Road Request

Dear Mr. Cox,

I received your letter of March 26, 2018 notifying me of your denial of Addison's request to participate in the reconstruction of Midway Road. While there was no formal request from Addison for your participation (I did inquire of your willingness to discuss the matter), your decision to not engage in such discussions is unfortunate. Even more regrettable is the reason driving this decision: the Farmers Branch Creek dispute.

The reconstruction of Midway Road from Keller Springs to Spring Valley is a major project with important traffic implications for both of our communities. If in the future this project becomes a higher priority for your community, please let me know and I would be happy to resume our discussions.

Sincerely,

A handwritten signature in blue ink that reads "Wesley S. Pierson".
