

VALIDATION APPLICATION

TRADE VALIDATION

Trade Subcontractors are required to validate for each project in which they are performing work. The validation must be signed by the registered subcontractor, or an authorized agent designated on the Addison contractor registration form. This validation form must be submitted before the commencement of work by the subcontractor. Please specify the work to be performed- in some instances there may be multiple subcontractors of the same trade. Subcontractor validations may only be rescinded in writing. Questions regarding the registration process should be emailed to registrations@addisontx.gov Trade applications can be submitted online via the [CSS Portal](#).
