Did you know that when you ingest vitamins by mouth, only 15% of the active nutrients may eventually find their way into your bloodstream? When you receive an "iV," the nutrients enter your bloodstream directly and immediately to help the body begin healing itself. You get much higher concentrations of nutrients delivered directly to your body's cells through intravenous therapy, thus allowing your body to better absorb and utilize these nutrients. This is the science behind Addison's newest business: [iV Bars](#).

Located in "Old Addison" at 15404 Addison Road, iV Bars celebrated its grand opening on Thursday, January 4 with an official Metrocrest Chamber of Commerce ribbon cutting ceremony. Mayor Joe Chow, Mayor Pro Tempore Ivan Hughes, and Council Members Al Angell and Tom Braun were on hand to welcome this popular new concept to Addison. Need to rejuvenate, rehydrate, or recover from the flu? Perhaps iV Bars can help.
