The unofficial bond results are in and Addison voters approved all five bond propositions. Results from early voting and election day vote tallies from both Addison Fire Stations tell the story, but the total tally, which includes election day ballots cast at other vote centers,

can be found [here](#) . In case you get your information from the *Dallas Morning News*, you may have noticed that it published the wrong details on Addison's propositions B, C, and D on the Wednesday following the election. The paper published a correction on Thursday, November 7.

The City Council will canvass the election at its November 12 meeting. Staff will be presenting the timetable for bond projects at an upcoming Council Meeting.

Addison Rotaries Present Check to Addison Police and Fire Departments

At the October 29 council meeting, the Addison Rotary and Addison MIDDAY Rotary clubs each presented Addison's Police and Fire Departments with checks for \$800. The funds were raised through events like the pancake breakfast held at Fire Station 1 in June. This money will be used to support Santa's Heroes and the Addison Police and Fire Relief Fund. We sincerely appreciate their support of Addison's first responders and their community efforts.

Around Town

Athletic Club Experiencing Heating Outages

Expect some areas of the Athletic Club to be cooler than normal. The Club's main boiler, that was not part of the new HVAC system upgrade, has failed. The outage does not impact the children's center, second floor fitness wing or the indoor pool. The hot water (including showers) and steam rooms are all served by other boilers and are functional.

Staff is looking at options to bring in temporary heat until the main boiler can be replaced. Thank you for your patience as we make the needed repairs. In the meantime, if you have any questions, please contact Assistant Director of Recreation Randy Rogers at rogers@addisontx.gov.
