Public Safety Update

Addison Fire Department Has Push-In Ceremony for New Engine and Squad Truck

The Addison Fire Department hosted a "Push-In Ceremony" on Tuesday, May 7 at Fire Station 1 to commemorate the arrival of a new engine and a new squad truck. Back in the horse-drawn carriage days, firefighters had to wash their trucks and actually push them into the station. This time-honored tradition is still recognized today as a way to debut new vehicles.

Addison Fire Department Welcomes New Deputy Chief

After a competitive interview process, Fire Chief David Jones selected CJ Alexander to serve as Addison's next Deputy Fire Chief. CJ replaces Mike Thomson, who is the new Highland Village Fire Chief.

Deputy Chief Alexander comes to Addison from Farmers Branch and has 17 years in the fire service. Not only is he a certified Master Firefighter, Fire Officer IV, Master Fire Instructor III, Driver Operator, Driver Operator-Aerial, Incident Safety Officer, Hazardous Materials Incident Commander and Hazardous Materials Technician, but he is also a certified Paramedic and an EMS instructor through Texas Department of State Health Services. Deputy Chief Alexander lives in Prosper with his wife of 14 years and their four children.

We hope you'll help us welcome Deputy Chief Alexander to our community.

Hilton Helps with Area Cleanup

On Saturday, April 20, 33 volunteers from the Hilton Revenue Management Center helped clean up debris in White Rock Creek Park that gets deposited after large storms and removed invasive plants. They also picked up trash that is discarded and builds up under the Wheeler Bridge on Arapaho Road. Hilton's team actively volunteers in Addison and we appreciate their dedication to making Addison a better place to live, work and play.

Have You Seen These Birds in Your Neighborhood?

Next time you visit Town Hall, you may hear some peculiar noises coming from the back yard. These are the recorded sounds of Heron stress calls, which will sound intermittently between 10am and 6pm, and are intended to discourage Night Herons from nesting. We have spotted several Night Herons along the creek behind Town Hall. These birds have been referred to as nesting site scouts and often arrive ahead of Cattle Egrets.

Cattle Egrets are known to establish large nesting sites. These sites can serve as a home for thousands of birds for several months between spring and early fall. The noise, odor, and ecological impact caused by the concentration of birds at a site can overwhelm a

neighborhood or park. Once established, the birds are protected by the Migratory Bird Treaty Act of 1918 and nothing can be done to disturb them.

If you see Night Herons or Cattle Egrets in your neighborhood, please immediately notify the Addison Parks Department at 972-450-2851. It is important to act swiftly to prevent them from establishing a large nesting site in an undesirable location.
