A Weekly Wrap Up of All Things Addison!

July 26, 2019

Public Safety

Protect Your Pets from the Heat

It's Hot Out!

Don't Leave Your Pet in the Car!

A car can overheat **even** when the window has been left cracked an inch or two.

Young, overweight or elderly animals, or those with short muzzles or thick or dark-colored coats are **most at risk** for overheating.

Shady spots offer **little** protection on hot days, and move with the sun.

90°

Even if the temperature outside is only 70°, the inside of your car may be as much as 20 degrees hotter!

102°

On an 85° day, it only takes ten minutes for the inside of your car to reach 102°.

120°

Within just 30 minutes, the car's interior can climb from 85° to a scorching 120°.

Addison Animal Control wants to remind you to protect your pets as the hot Texas temperatures continue to climb. The American Society for the Prevention of Cruelty to Animal (ASPCA) has these [hot weather tips](#) .

Business Pulse

Meet and Greet at the Bent Tree Office Building

On Tuesday, June 23, the Addison Economic Development team held a meet and greet event at the Atrium at Bent Tree Office Building. Council Member Ivan Hughes joined Economic Development Manager Wilson Kerr, Addison Conference Centre Sales

Coordinator Monica Cerilli, Deputy City Manager John Crawford, and Director of Economic Development and Tourism Orlando Campos to greet employees as they came to work. The 114,333 square foot, six-story building is located at 16755 Addison Road. Some of its tenants include companies such as Price Kubecka PLLC, MJD II Architects, and American Online Benefits Group. The cheerful Town representatives gave away bananas, granola bars, and restaurant guides, and told employees how happy they were to have them in Addison. The monthly event is the Town's way of demonstrating to local companies how much we appreciate their employees.

Around Town

Congratulations to Todd Meier for 300 Hours of Service

Please join us in congratulating Todd Meier on over 300 volunteer hours with Addison! Todd is an active member of our Addison Citizens Assisting Police (ACAP) program and has diligently come in for his weekly patrol for the past two years. He signs up for a four-hour shift each week and often takes an extra shift to ride tandem with one of our other ACAP members. Todd has demonstrated a consistent dedication to Addison's volunteer program and has also helped with many of our Special Events. We appreciate all of his contributions and want to recognize his outstanding service!

Addison Residents Host Ice Cream Social to Thank Staff

Women for Addison, a social group of over 200 women in Town, hosted an "Ice Cream and Cake Thank You" for the Parks and Public Works Departments on Thursday, July 25 at the Addison Service Center. The residents wanted to show their appreciation to staff and thank them for all their hard work clearing trees and cleaning up storm damage over the past month. The treats were a big hit with Addison employees. Thank you, Women for Addison, for your kind gesture!

Sherlock Drainage Project Update

Unfortunately, the contractor the Town hired for the Sherlock Drainage Project has not been meeting their contractual obligations and, as a result, have been removed from the project. In order to get back on track, the outstanding work will be completed by a combination of both outside contractors overseen by the Town and in-house Town staff. On Monday, July 22, the Town began work on restoring the impacted residential areas including irrigation, fencing, landscaping, and more.

The concrete street panels and stormwater inlet tops that were not completed to the Town's requirements will be removed and replaced beginning the week of August 5. Once the residential areas, including the street improvements, have been addressed, we will move forward with Phase 2 of the cleanup which will involve restoring the trail and parking lot.

Weather permitting, our goal is to complete the project by the middle of August. We share your frustration and thank you for your patience as we work to make Addison a better

place to live, work, and play.

You're Invited to Addison Athletic Club's July Splash Bash!

Join us at the Addison Athletic Club outdoor pool for the July Splash Bash on Friday, July 26 from 6pm - 7:45pm. There will be a water slide, games, bites provided by Raising Canes (while supplies last), and a photo opportunity with mermaids! Addison Athletic Club members may bring guests with them (four guests per member or eight guests per family, \$3 guest fee for all ages).

Another Great Night at Addison After Dark

Thanks to everyone who came out to Addison After Dark's Luau on the Lawn last Saturday, July 20! If you missed out, no worries. The next Addison After Dark event will be Pints and Pups on Saturday, August 17 from 7pm - 11pm at Addison Circle Park! You can find more information on [AddisonAfterDark.com](https://www.addisonafterdark.com).

Get Your Tickets for WaterTower Theatre's Godspell

Catch WaterTower Theatre's production of *Godspell* now through Sunday, July 28 at the Addison Theatre Centre (15650 Addison Road). *Godspell* is about an offbeat group of disciples that helps Jesus bring his enduring parables to life through games, stories, and unforgettable songs. Boasting a score with chart-topping songs by Grammy and Academy Award-winner, Stephen Schwartz, and a book by visionary playwright, John Michael Tebelak, *Godspell* is a sensation that continues to touch audiences with its enduring messages of kindness, tolerance, and love. [Get your tickets today!](#)

Get a DART Cotton Belt (Silver Line) Update

You are invited to attend a community meeting to review the progress of the Cotton Belt Corridor Regional Rail Project at 6:30pm on Wednesday, July 31 at the Crosby Recreation Center (1610 E. Crosby Road, Carrollton, TX 75006). The Design-Build Contractor will be on hand to outline the latest developments and answer your questions. The project will provide regional rail service along the 26-mile long Cotton Belt Corridor from DFW International Airport to Plano.

Presentations during these meetings will include:

- Updated project drawings showing track configurations and station layout;
- Status of track grade separations (bridges);
- Station Art & Design Progress;
- Design-Builder's early design and construction schedule;
- A general summary of project information;
- Identification of contacts for FAQs and community concerns.

For additional information and other meeting dates, please visit DART.org/cottonbelt or contact DART Community Engagement at 214-749-2543.

Thursday, July 18 - Sunday, July 28
