Around Addison

Dallas Water Utilities Construction Work on Celestial Road Begins November 1

Addison was recently notified by Dallas Water Utilities (DWU) that it has engaged a contractor to install an air release valve on the 84-inch water transmission main on Celestial Road. This transmission main is one of the most critical mains in DWU's system, providing drinking water for much of North Dallas as well as Addison and other customer cities. The installation of this air-release valve will require excavating down and exposing the water main. The valve will be located in a landscaped area on the side of the street.

Celestial Road will be narrowed to a single lane for the duration of the project. The water main work at this location is scheduled to begin on November 1 and should be completed by November 9. Pavement repairs are expected to be completed by the end of November 2021. DWU does not expect water service to be impacted during construction.

The contractor performing this work is Ark Contracting Services and Ark's Project Manager, Michael Young, can be reached at 817-478-7400. DWU's Project Manager is James McQuery and he can be reached at 214-671-8030.

[Addison Police Officer Ronnie Cox Memorial Dedication Video Now Available](#)

On October 2, the Addison Police Department was joined by the family, friends, and colleagues of fallen Addison Police Officer Ronnie Cox to unveil a memorial in his honor. Officer Cox was killed in the line of duty on December 15, 1986, and is APD's only line of duty death. A video of the presentation is [now available on the Town's website](#) for anyone who missed the dedication ceremony.

Addison to Host Shredding Event on Tuesday, October 26

Clean out those file cabinets and junk drawers for Addison Shreds Day. An onsite shredding truck will be parked in Addison Circle Park on Tuesday, October 26 from 10am - 2pm. This is a free event and open to Addison residents and non-Addison residents.

Addison employees will also be available starting at 6:30am to accept early drop-offs for shredding. However, a certificate of verification will only be available for those who remain onsite to witness the shredding.

Unfortunately, the vendor Addison has been using to collect recycling donations was not available during October so we will not be accepting recycling donations at this event. Staff is researching future possible dates for a recycling donation event.

A Frightening Fun Time at Halloween Horror

It was a Spook-tacular night at Addison After Dark Halloween Horror. The ghouls and goblins danced the night away at Addison Circle Park with hits by DJ McCrae and enjoyed a magical fire art performance by FemPyre. The night ended with an outdoor showing of the 2018 movie Halloween. Visitors and villains chowed down on In-N-Out Burger, Cinnaholic, and Doc's Popcorn.

Be sure to come back and enjoy the last Addison After Dark event of the year, Harvest Hootenanny, on November 20. Get more information at [AddisonAfterDark.com](https://www.addisonafterdark.com).
