Council Update

[Council Amends Overnight Parking Ordinance](#)

At its July 12 meeting, the City Council approved amendments to the Town’s Parking Ordinance prohibiting the overnight parking of vehicles designed or operated primarily for commercial use within the [residential areas of the city](#). The revisions include amending the truck capacity limitation, removing the 1-ton capacity, to reflect a maximum allowable dimensional limit of 25 feet in length, 10 feet in height, and 8 feet in width; adding language defining a Personal Business Vehicle; and including a [Restricted Parking Map](#) depicting the residential areas to which the residential parking restrictions will be applied.

The revised Ordinance prohibits the following vehicles in any public or private street, highway, alley, driveway, parking lot, on- or off-street parking area depicted on the restricted residential parking area map between the hours of 12am (midnight) and 6am:

- a box-truck, tow truck, dump-truck, concrete-mixing truck, road tractor, semi tractor, truck tractor, tractor-trailer, semi-trailer, trailer, or similar vehicle;
- a recreational vehicle; or
- a motor vehicle, truck, van, bus, or similar vehicle which is more than twenty-five (25) feet in length, eight (8) feet in width, or ten (10) feet in height.

The exceptions to this Ordinance are:

1. the prohibited vehicle is parked for the purpose of expeditiously loading or unloading passengers, freight, or merchandise;
2. the prohibited vehicle is located on a public street, alley, or right-of-way and is temporarily disabled (not exceeding 48 hours) and protected by active flares or other approved signal device(s);

3. the prohibited vehicle is a Personal Business Vehicle, which is defined as a prohibited vehicle that is regularly used as the sole or primary means of transportation by a resident within a residential area to commute to and from the person's place of employment.; or
4. the prohibited vehicle is lawfully parked on private property and enclosed in a building or fully concealed from public view by a fence or other lawfully erected opaque structure.

If you have questions about Addison's revised regulations for overnight commercial parking in residential areas, please contact Police Chief Paul Spencer at PoliceChief@addisontx.gov.

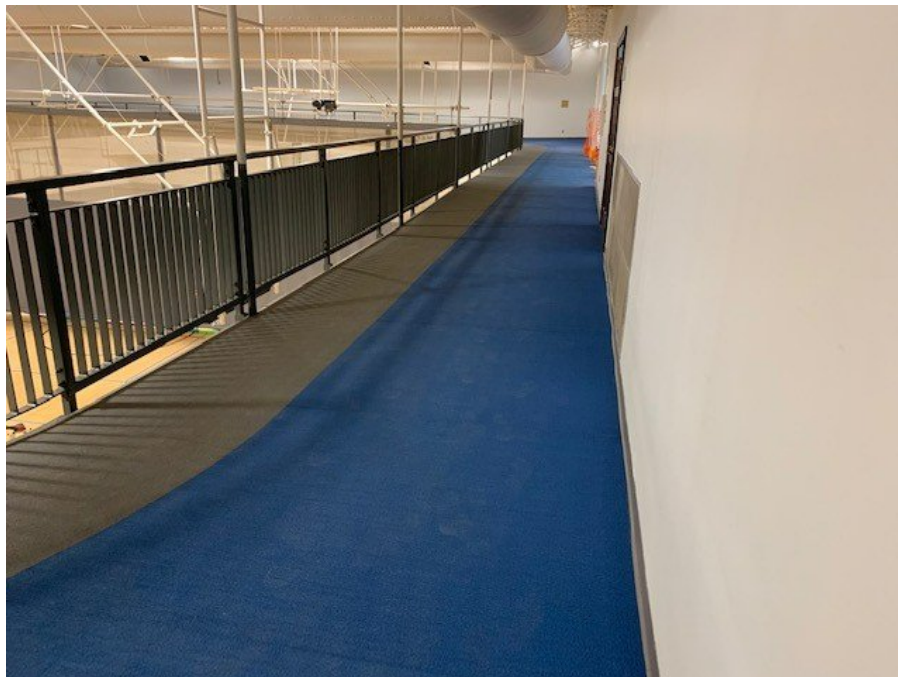

You can watch Council's residential commercial vehicle parking discussion from its June 14 work session [here](#).

No Council Meeting on July 26

In order to give staff time to focus on the preparation of the Fiscal Year 2023 budget, Council has canceled the July 26 City Council Meeting. Per Addison's Charter, the City Manager must present his proposed budget to Council by midnight on July 31. A list of important budget dates can be found [here](#).

Construction Corner

Athletic Club Renovation Update

There is more progress to report on the Athletic Club renovation! The new flooring has been installed in the weight room stretching area and the painting is complete. While there is still some touch-up work to be done in the weight room restrooms, they are functional and now open.

The Club entry has been moved to the downstairs emergency exit, just to the left of the outside staircase on the south side of the building. There are signs and flags to guide members.

The track re-opened this week. There will still be periodic shutdowns for small fixes and the wall application installation, but the contractor will try to keep it to a minimum. Please do not go past any orange fencing - that is still a part of the construction site and off limits to members.

The contractor is still on track for substantial completion of their part of the project by the end of July. However, they will have a punch list of items that will require ongoing work in the facility, such as paint touch-ups, installing a few non-critical items that are back ordered, etc. Also, some pool work was delayed in order to open the pool on time and keep it open all summer. That work will restart when the pool closes in September.

Once the contractor hands over the areas that have been closed, the Club staff will begin the process of moving back in and placing the new furniture in the building. The Club is also receiving some new fitness equipment that will have to be moved in. There are a few other updates to the AAC that are not the responsibility of the renovation contractor and can't begin until the contractor is substantially complete that need to take place before fully opening the building. This last phase of the project is expected to take approximately two weeks so *members can expect to be welcomed back into the core of the building in mid-August.*

You can find more project details at www.addisontexas.net/clubrenovations and register text updates by texting **ClubReno** to 888-777. Thank you for your continued patience as we work to improve our club.

Around Town

Addison After Dark Paradise Party

Hawaiian shirts were plentiful in Addison Circle Park on Saturday, July 16 for the Addison After Dark Paradise Party. This beach party included live music, hula dancing lessons, food trucks, and island-inspired activities.

Everyone's favorite Pints and Pups event is back on August 20. Get all the details at [AddisonAfterDark.com](https://www.addisonafterdark.com).

DART Silver Line Bi-Annual Community Meeting Takes Place July 28

You are invited to attend an in-person biannual community meeting on Thursday, July 28 from 6:30 - 7:30pm at the Addison TreeHouse (14681 Midway Road) to review the progress of the DART Silver Line Regional Rail Project. DART and the design-build contractor, Archer Western Herzog (AWH), will be on hand to outline the latest design and construction developments and answer your questions.

The presentation will include:

- Project Facts and Updates
- Design-Build Update
- Betterments Program Progress
- Vehicle Design Progress
- Hike & Bike Trail Progress
- Construction Progress
- Community Engagement Update
- Safety Education Update
