Council Reviews Strategic Planning Session

At the Council's day-long Strategic Planning Session on March 27, Council and staff created a vision for the Town and reviewed past goals and strategies. During its April 11 City Council Meeting, Council discussed the strategic plan further and will consider its adoption at the April 25 meeting.

The vision the Council developed is: *The Town of Addison is the benchmark for a diverse, vibrant, innovative, and connected community. Our unique places and experiences enhance the quality of life of our residents, businesses, workers, and visitors and make Addison the place to live, work, and visit.*

The plan continues the existing [Strategic Pillars](#). This strategic vision will serve as a guide for the Fiscal Year 2024 budget process.

Around Town

New Signs on Wheeler Bridge

Earlier this week, Town crews installed name signs on both ends of the Wheeler Bridge on Arapaho Road. The bridge, which spans Midway Road, was constructed in 2006 to serve as an east/west reliever for Belt Line Road. In 2013, it was named in honor of former Addison Mayor Scott Wheeler, who served the Town from 1999 - 2005.

Free Mosquito Dunks and Repellent Available at Athletic Club and Town Hall

To help Addison residents reduce the number of mosquitoes, and to protect themselves from mosquitoes, the Town of Addison Environmental Health Division is giving away free Mosquito Dunks and mosquito repellent to Addison residents. Both products will be available while supplies last at the Addison Athletic Center and at Addison Town Hall beginning Monday, April 10. There is a limit of two packages of dunks and one repellent per household.

Mosquito Dunks® are small, donut-shaped objects that float on the surface of the water and release bacteria that kill mosquito larvae in the water before they become adults. A single dunk will treat an area of about 100 square feet. It is important to know the approximate dimensions of your area to ensure that you get the proper number of dunks for effective treatment.

Mosquito Repellent helps avoid mosquito bites while outdoors. Always follow the label instructions when using either of these products.
